#### Yamhill SWCD Definitions:

**"A" List Weeds** - a weed of known economic importance which occurs in the county in small enough infestations to make eradication/ containment possible; or is not yet known to occur, but its presence in neighboring areas makes future occurrence in the county seem imminent.

**"B" List Weeds** - a weed of economic importance which is regionally abundant, and needs to be controlled where found.

**"T" List Weeds** - A priority noxious weed that will receive the highest priority for treatment. The SWCD and partners will attempt to control where found through containment or eradication.
